## WHY CHOOSE HARFORD P.C.?

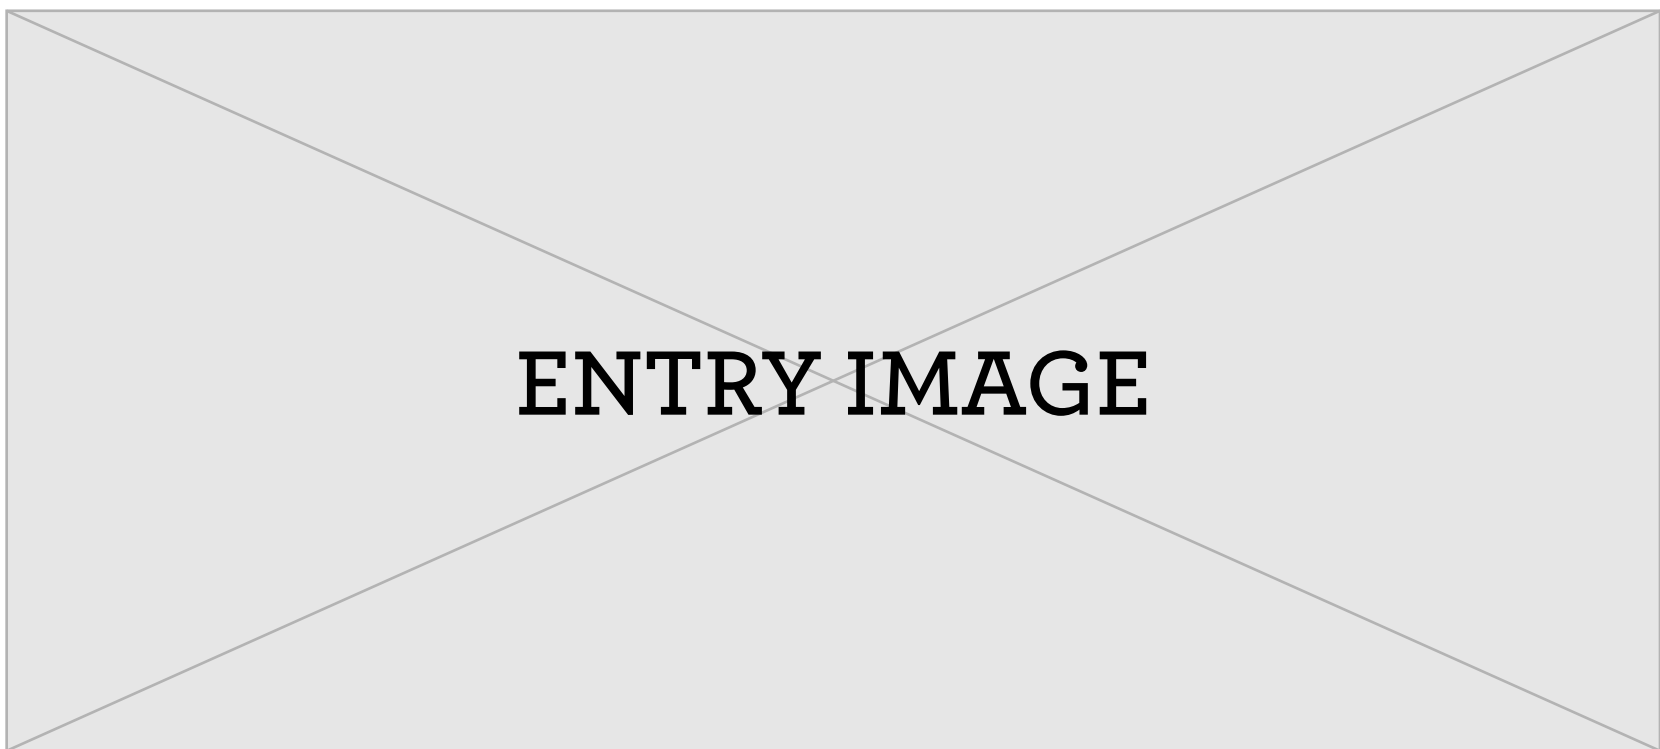

At Harford, P.C. we have dedicated our practice to representing individuals victimized by the negligent and reckless behavior of corporations. Our founding member, Scott A. Harford, began his career representing large corporations, insurance companies, and Fortune 500 companies in personal injury actions. He is aware and knowledgeable of the tactics many companies use to ward off legitimate claims by individuals who have been harmed by relying on products and \_\_\_\_\_ that should not be in production; often times these companies will brush aside public safety for sheer profitability. It was this very reason why he decided to concentrate his practice in representing innocent victims looking for a fair shake in the judicial system.

Unlike other law firms where cases are worked-up by associates and paralegals, every case we take is personally handled and managed by Mr. Harford. He is available and responsible to all of our clients each step of the way, including during the intake screening, medical work-up, drafting of the complaint, engaging in discovery, and educating the jury at trial...

## “Working to Level the Playing Field”

**Scott Harford**  
**Founder, Harford P.C.**

Scott A. Harford is an accomplished personal injury plaintiffs’ attorney licensed to practice in New York and New Jersey. He has represented hundreds of individual clients located across the country harmed by pharmaceutical drugs, defective consumer products, medical devices, and toxic chemicals.

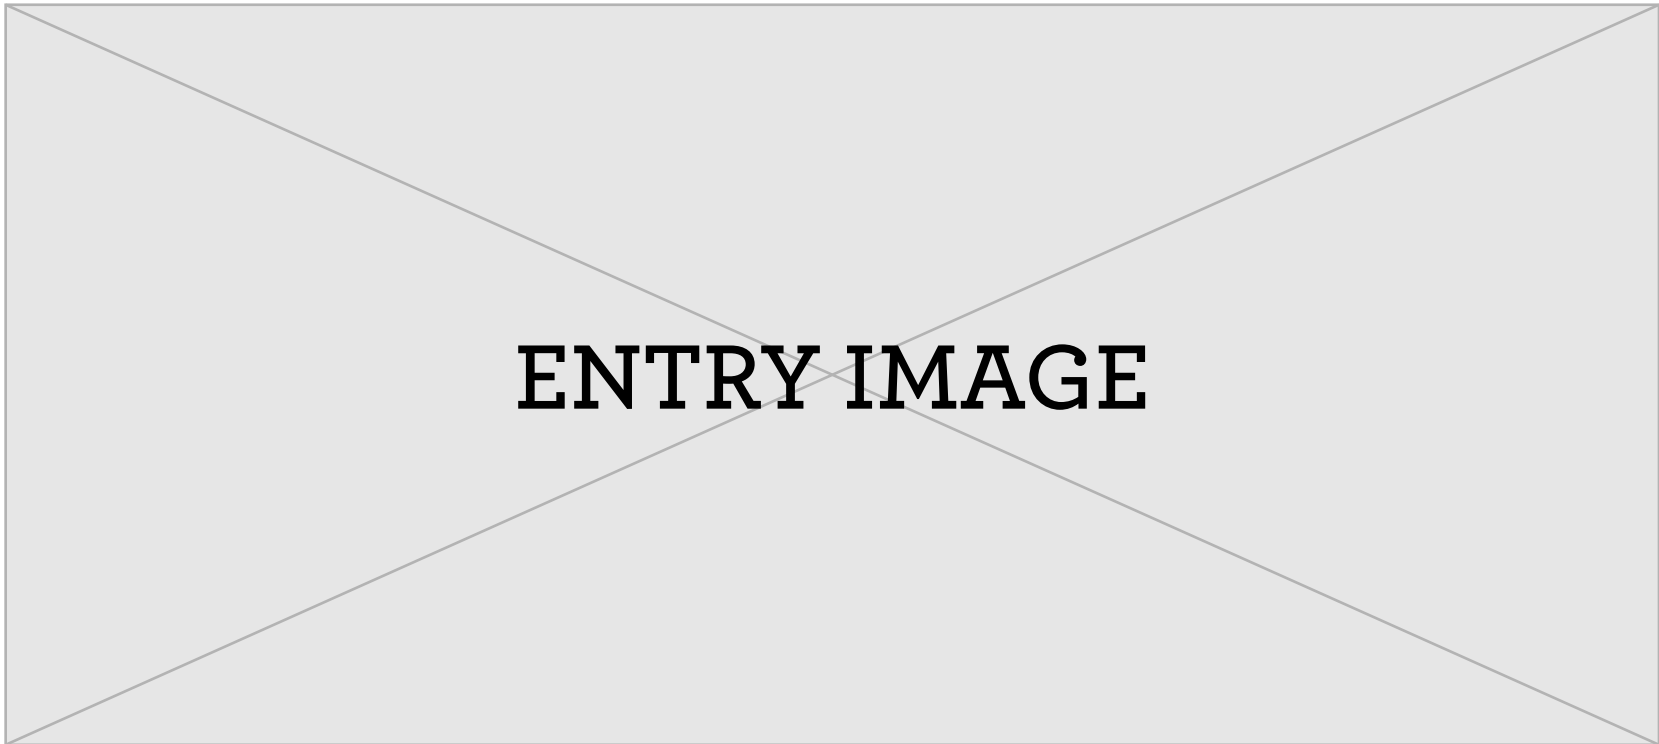

[HOME](#) << [ABOUT THE FIRM](#)

### ABOUT THE FIRM

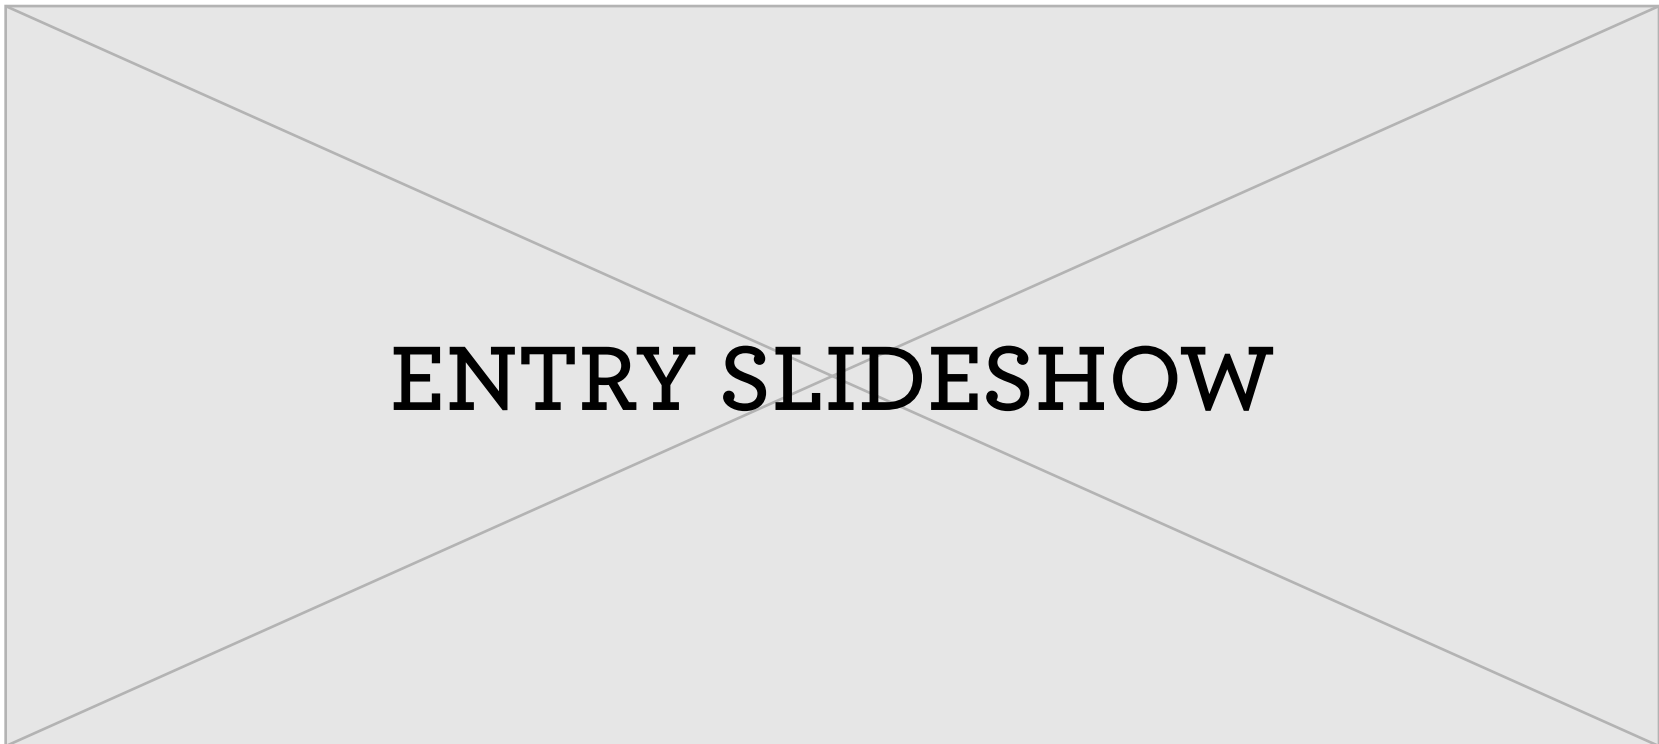

Scott began his career in 2000 and initially worked as defense attorney representing hedge funds, insurance companies, and Fortune 500 companies. His experience included defending large-scale companies within a wide array of litigations, including securities, environmental contamination, asbestos, and general personal injury and automobile accident claims.

Starting in 2006, however, Scott realized his practice would best s=erve individuals injured by harmful consumer and pharmaceutical products. He has since concentrated on representing people with catastrophic injuries resulting from over-the-counter and pharmaceutical drugs, toxic chemicals, defective hip replacement products, and faulty building construction and maintenance.

Beyond representing his clients, Scott’s work has also been instrumental in the voluntary recall of certain drugs and consumer goods deemed to be unreasonably dangerous to the public. Scott worked directly with the Consumer Product Safety Commission in achieving these results.-

Scott was recognized as a New York Super Lawyers “Rising Star” under 40 in 2012 and 2013. He has since been selected as a New York Super Lawyer in 2014 within the field of Plaintiff Personal Injury. His work on behalf of individual clients was also recognized with his membership into the exclusive “Million Dollar Advocates Forum.”

Prior to the practice of law, Scott grew up in Morris County, New Jersey where he attended Mountain Lakes High School. He went on to receive his undergraduate degree cum laude from Boston College in 1997, and graduated law school in 2000 from Duquesne University of Law, where he was an Editor for the Duquesne Law Review and a member of the Public Interest Law Association.

## ENTRY IMAGE

We believe that our client’s understanding of the litigation process is key component to each and every step in our legal representation. For each of our client’s cases, we are there to answer questions and provide updates on the ongoing status of their litigation. At the same time, we always provide insight and suggestions on particular litigation strategies to ensure our client’s concerns are acknowledged and accounted for in during the course of their litigation.

While we can never guarantee results in litigation, our goal each and every day is to serve our clients to the very best of our ability. We will always put in the extra effort to find the witnesses that cannot be found; we search for different liability theories other than the obvious ones; we always research expert witnesses that will provide the best value to our clients; and we make sure our clients’ interests are protected with any Medicare liens. We do not charge our clients any up front fees and never send a client a bill that must be paid out of their own pocket. We are only paid expenses and fees when we win or settle a case. This gives us the utmost vested interest in each and every case that we take on for our clients.

Please call us today for a free consultation at [Phone]

We are here to answer your questions.
